

Low Intensity Accessory Instruction Sheet

Reflector Angle Mounting Bracket Installation Instructions (P/N: BK)

NOTE: For use with all tube heater models.

Parts List

- Reflector Angle Mounting Bracket (P/N: BK)

Assembly Instructions

- 1 For a variety of hanging angles, use the reflector angle mounting bracket “Brass Knuckle” (P/N: BK) fitting with a #1 double-loop chain and S-hook (Figure 1).
- 2 ‘U’-Tubes can be mounted at a 15°, 30° or 45° angle with two suspension points, using two reflector angle mounting brackets “Brass Knuckles” (P/N: BK), #1 double-loop chains, and S-hooks (Figure 2).

Reference the Tube Heater General Manual for additional installation instructions.
